**Outputs for 2015**

The Joint Project on Falsified and Substandard Medicines: Legislative, Regulatory and Law Enforcement Solutions

The pilot for this work was conducted in Uganda and completed. The project aims at building actionable knowledge on the legal and regulatory aspects of falsified and substandard medicines and has produced a country report for Uganda with recommendations on steps it can take to strengthen its legal and regulatory system, an assessment tool and guide to national strategy.

*Next step in process: Seek funding to continue pilot in Uganda to next phase and to replicate the project in the EAC or other countries.*

**Session CoP-02: November 20, at 9am: Law, Justice and Development Week 2015**

The CoP on Health will be holding a sessions during the Law, Justice and Development Week: “Designing, funding and implementing a project on law and health: Case Study: The Joint Project on Falsified and Substandard Medicines: Legislative, Regulatory and Law Enforcement Solutions”.

**Priority Knowledge Products: Legal Information Repository/Virtual Library**

[www.gfljd.org/CoPHealth/LIR](http://www.gfljd.org/CoPHealth/LIR)

The goal is to provide a space to share laws, regulations, policies and other materials relevant to the topic of law, health and development. This will fill a gap in the online literature on health development and the law not covered by other online resources on human rights.

The current sections cover:

1. Rule of law and health
   a. Governance and Rule of Law
   b. Structure and function of the ministry of health
   c. Public Health
   d. Medicines Regulation
   e. Health Insurance
2. Legal and Regulatory Aspects of Falsified and Substandard Medicines
